May 2026

## Roundtable News

### **New!** ACS NPCRT Strategic Roadmap

We are proud to announce the release of our new [Strategic Roadmap](#)! Over the last 10 months, the ACS NPCRT Steering Committee engaged in a structured series of strategic planning sessions designed to lay the groundwork for the next three years of the Roundtable's work.

Through a series of consensus-building and refinement steps, the Committee reaffirmed the Roundtable's commitment to its Strategic Priorities and further developed a series of implementation strategies targeted at achieving key outcomes within each of the Priority areas. These elements, along with metrics and evaluation plans for each outcome, are integrated into this Strategic Roadmap and will shape the work and priorities of the ACS NPCRT over the next three years (2026-2029).

If you would be interested in actively contributing to our efforts to achieve these goals, please consider signing up for one of our Priority Teams—see below!

## Steering Committee Updates

We would like to extend a warm welcome to our two newest Steering Committee members: [Sarah Weller, MSc](#); and [James Murphy, MA](#)! Ms. Weller and Mr. Murphy officially joined the Steering Committee in April, and bring a wealth of experience and insight that will shape the work and reach of the ACS NPCRT as we continue to expand our reach and influence.

The Roundtable also wishes to express its sincere gratitude to our departing Steering Committee members: Dr. Ingrid Hall, PhD, MPH; and Dr. Howard Soule, PhD. Drs. Hall and Soule have been invaluable leaders since the launch of the ACS NPCRT and have been instrumental in setting the direction and priorities of the Roundtable. Their influence will continue to shape our work for years to come, and we wish them the very best in their future endeavors!

# Call To Action

## Priority Team Sign-up

The ACS NPCRT Priority Teams launched in March and are engaged in ongoing discussions around how to activate around the goals and outcomes set forth in our Strategic Roadmap. Each of the three Priority Teams has set forth their initial project proposals, with work set to begin in the coming weeks and months—so now is a great time to get involved and help make an impact!

If you have not yet done so, please sign your organization up for one or more of the Priority Teams.

## Stay Connected

Thank you for your ongoing dedication to the ACS National Prostate Cancer Roundtable. Your efforts are driving real progress for people affected by prostate cancer.

Questions? Ideas? Want to connect further? Email us anytime at [npcrt@cancer.org](mailto:npcrt@cancer.org). We're grateful for your partnership and look forward to what's ahead!

The American Cancer Society National Prostate Cancer Roundtable (ACS NPCRT) was established in 2024. The ACS NPCRT is a national coalition of 45 member organizations dedicated to improving prostate cancer outcomes and survivorship.

The American Cancer Society provides organizational leadership and expert staff support to the ACS NPCRT.
